

ENHANCEMENT TREATMENT

CAR WRAP FILMS

The ideal solution for branded messaging, corporate identity marking or promotional campaigns.

PROPERTIES

- Corporate identity on fleets.
- Transforms your vehicle as part of a promotional campaign.
- Customizes and enhances the appearance of the car body.

STRONG POINTS

- Gives free rein to your creativity: high-quality digital printing or texture effect films.
- Unit or mass production.
- Do not damage the substrate and preserves its original state when removing the film.

APPLICABLE SUBSTRATES

The film can be applied on all car bodies (metal, plastic) and all vehicles: car, coach, bus, van, train...) and on windows (micro-perforated film).

APPLICATION PROCESS

The car wrapping film can be applied on the entire car body even on the less reachable parts.
The application has to be done by professionals: our teams are trained in our school and certified by the biggest film suppliers and manufacturers.
The substrate has to be perfectly clean. If the surface is damaged, it has to be repaired beforehand.

APPLICATION FIELDS

- CAR.
- COACH.
- TRAIN.
- UNDERGROUND.
- TRAM.
- ALL TYPES OF VEHICLE FLEETS.
- ...

FEATURES

- 3D micro-perforated film, opaque, printable, texture effect (stainless steel, leather, carbon, chrome, etc.).
- Up to 5-year warranty for outdoor use.
- Possible combination with other features: tinted, publicity, decoration, etc.
